

Final Steps

The Final Steps involve turning off an option in a few media sources to make them function the right way.

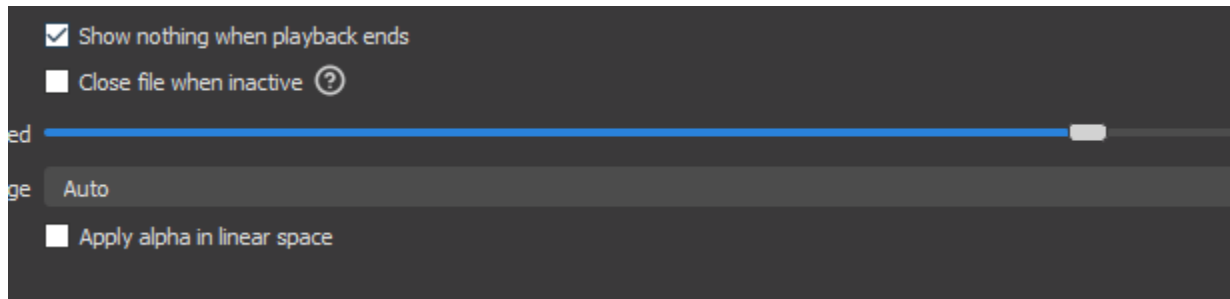

1) Head Over to the “Just Chatting” Scene

Double click on socials&Recents_Jc

Turn off Show Nothing When Playback ends

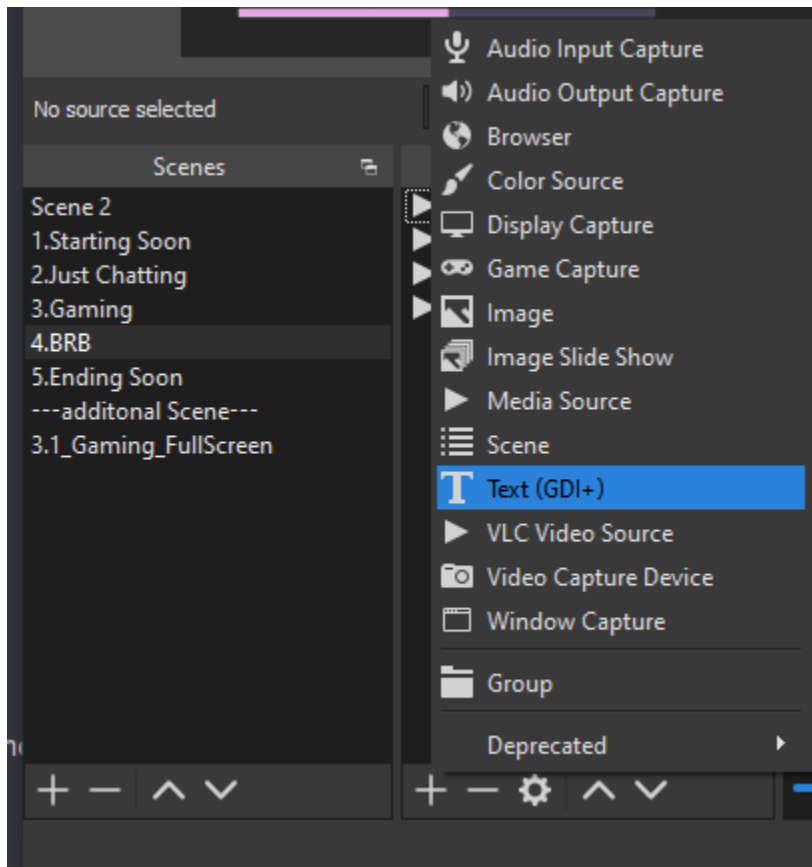

Repeat Steps for

3.Gaming -> Socials & Recents_Gm

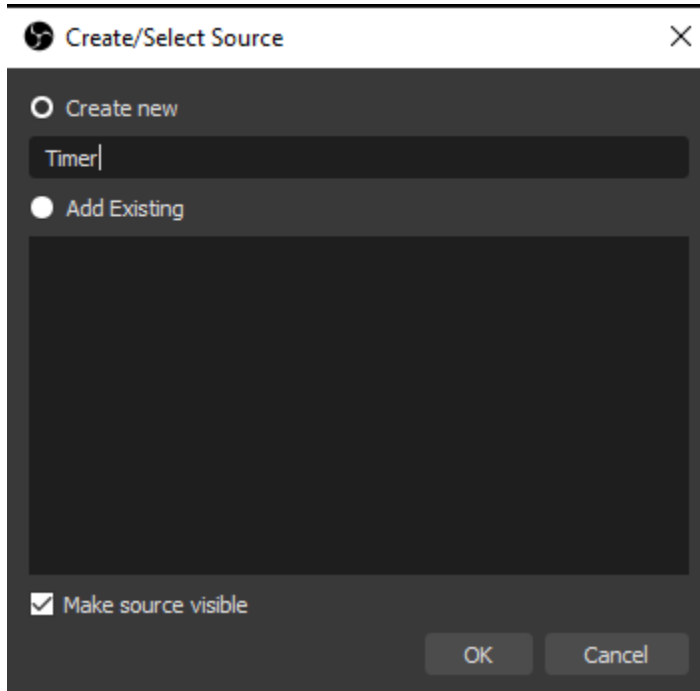

5. Ending Soon -> Logo_end

Setting Up Timer

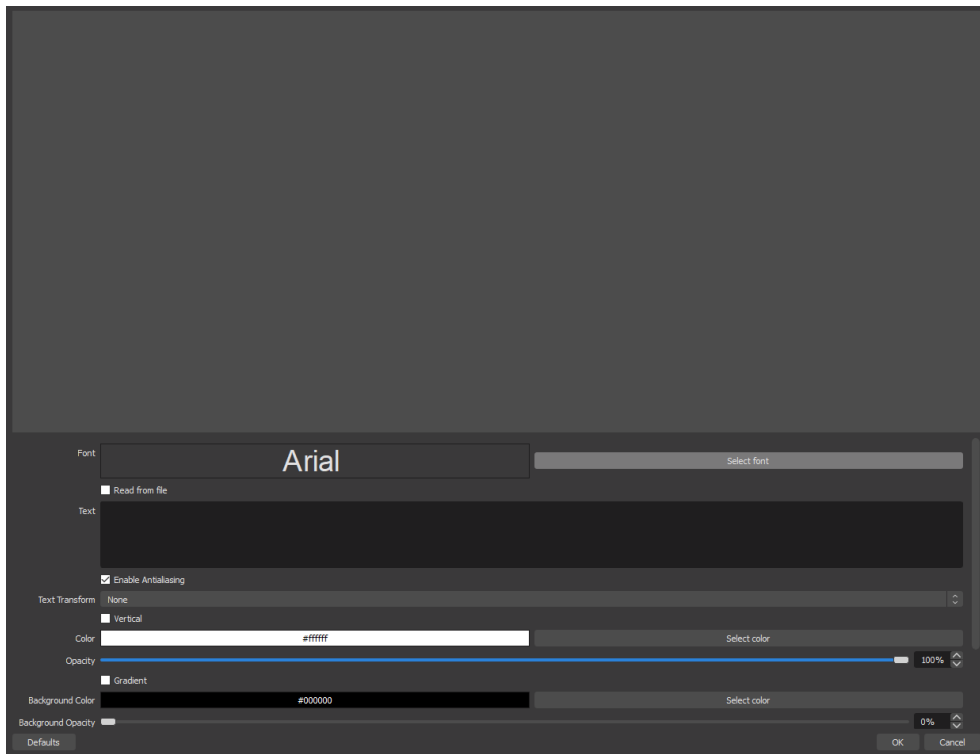

- 1) Go to “ BRB ” Scene and Create a new Text (GDI+)

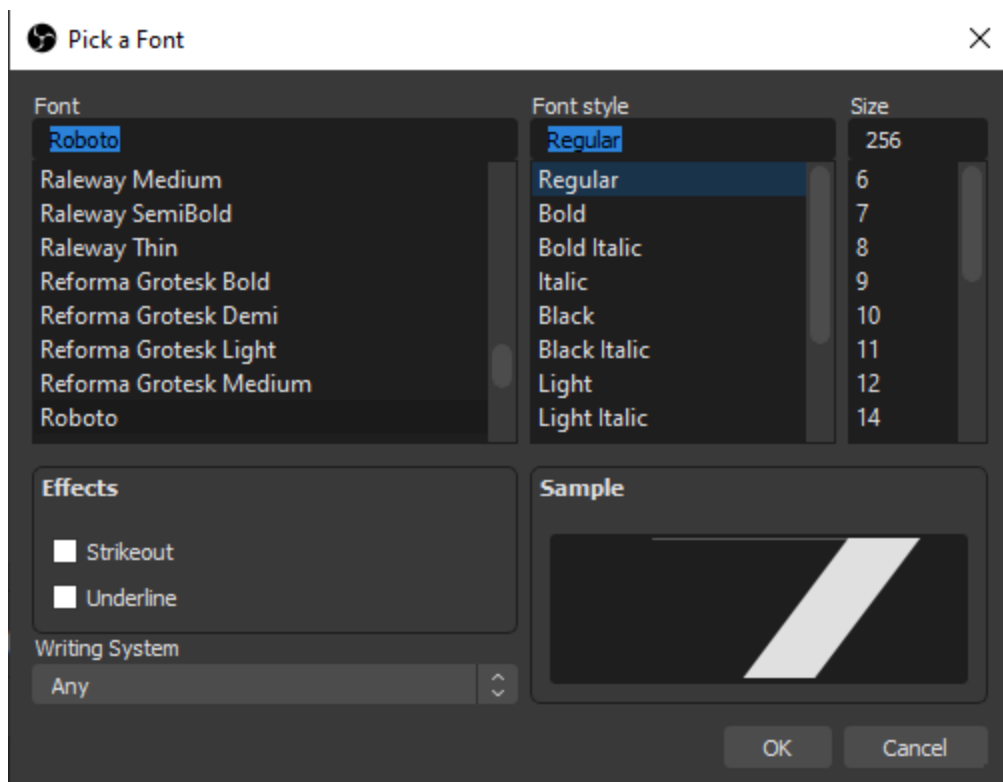

Name it “Timer”

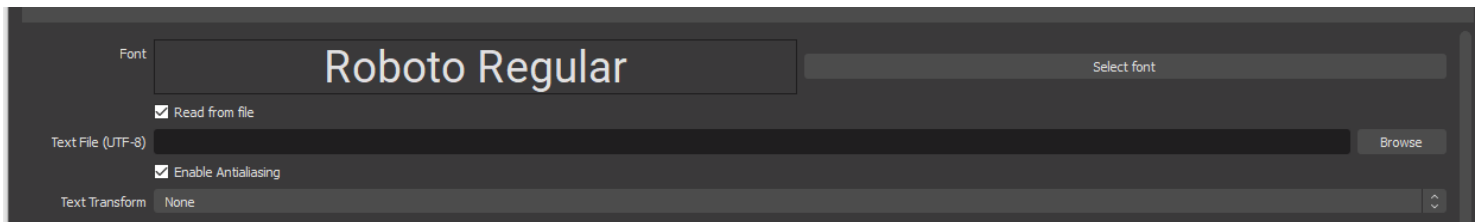

Once done set “font to roboto regular “

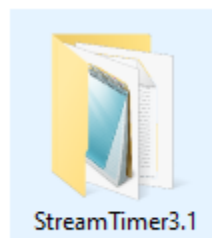

Enable “Read from File”

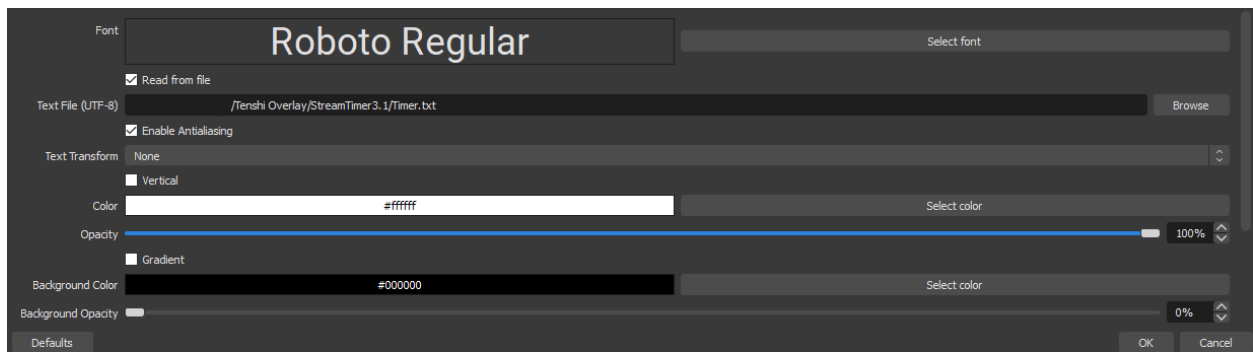

Click on browse, navigate to “ Stream timer 3.1”

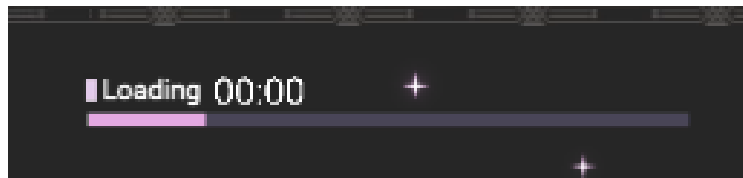

Open it and select “ Timer.txt” and click open

Click ok to finish setup.
Scale and position it to match this

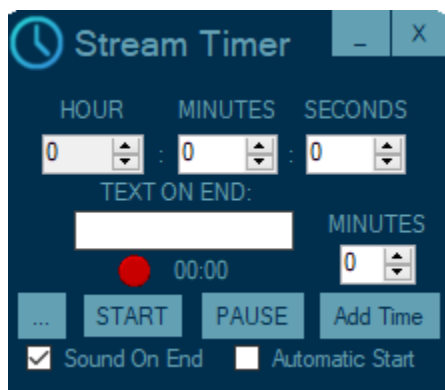

How to Use the Timer

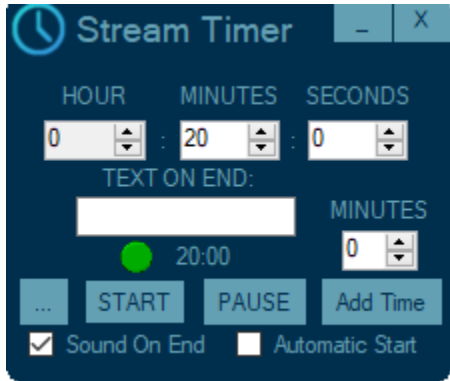

Open the “Stream Timer.exe” file

Stream Timer.exe	30-Sep-21 2:50 PM	Application	160 KB
------------------	-------------------	-------------	--------

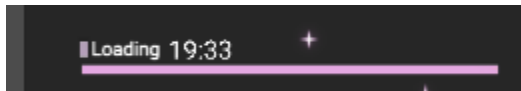

Set the timer for countdown :

Click on start to start the countdown

The time will start countdown as soon as you hit start

Make sure to install all the fonts in the fonts folder and install the other plugins.

The overlay is now completely setup.
